

# What is PK4 & More?

## *Welcome to our new PK4 & More Program!*

During our time together, we will combine core subjects, with varied learning experiences and structured play. Your child will be provided with a fun, safe, educational, Christian environment. Here at Immanuel Preschool, we want your child's first introduction to school to begin them on a path to a lifetime of learning. Our PK4 & More Program will help children discover, explore, and learn to their fullest potential. Children will build academic interests, social skills, and an enthusiasm for learning. This program will also provide continuity and routine for preschoolers preparing for Kindergarten. Most importantly, your child will grow in their faith, become closer to the Lord, and learn how to spread the love of Jesus to everyone!
