

Families in Faith

Football Flip

Supplies:

Brown Paper,
Yellow Pipe
Cleaners

What to do:

Make a wire goal post, like on a football field. Then fold a paper football and try to flick it through the post as someone holds it. How many times do you make it? How many times do you fail?

Family Conversation:

What is something you are not very good at?

Faith Connection:

It's probably impossible to get the football through the goal post every time. Sometimes we fail. But even when we fail, **Jesus is our friend forever.**
