

FEED MY
STARVING
CHILDREN

3rd QUARTER CHAPEL OFFERINGS

For every \$1 that you donate you will get to put a "grain of rice" in our "rice bowls".

Let's see how many children we can feed this quarter!

CONSIDER THIS:
According to the IDHS, the average cost to feed an 8-year-old in Illinois per year is \$2400. That would feed 22 children in these countries.

"FOR I WAS hungry AND YOU GAVE ME SOMETHING TO eat..."
-Matthew 25:35
